

OKLAHOMA REDMEN MEET IN COUNCIL

Tulsa Man Takes Moving Pictures of Doings at Annual Convention.

Special to The World.
SAPULPA, Okla., April 17.—With more than three hundred delegates from all over the state in attendance, the annual convention of the Redmen of Oklahoma convened here today for a two-day session. Delegates from practically every city of any consequence in the state are here and every train swells the number.
An attractive program has been prepared by the Sapulpa wigwam and the convention promises to be one of the most successful and largely attended in the history of the order.
The convention opened at 2 o'clock Monday afternoon with a big street parade. Led by one of the fire trucks from Central station, more than two hundred "buckies" and "squaws" marched in single file through the principal downtown streets. A number of those who participated in the parade rode bareback astride broncos and were dressed in typical Indian costume, even down to the hideous war paint and gaudy head feathers. The heat of the "tomtom" added a picturesque as well as romantic touch to the picture of frontier days.
"Movie Machine Busy."
A Tulsa "movie" man was busy with his camera as the parade marched past the corner of Main street and Hobson avenue. The pictures will later be exhibited throughout the state in connection with a film depicting the work of the order.
The roll call of the great chiefs, the appointing of committees on credentials, the report of the committee on credentials and the admission of the representatives and past sachems in attendance of the different tribes, occupied the afternoon session. Tonight's meeting will appoint the various committees on legislation, etc.
Tuesday's session will transact the

business of the convention. A feature of Tuesday afternoon's meeting will be an address by R. O. Deming, past grand sachem of Muskogee.
Held to Go Up.
Rumor has it that W. J. Hyde of Sapulpa, now grand sachem of the order, is to be still further advanced in the state and national order at this convention. He is a veteran Redman and his promotion will meet with approval.
Present officers of the state order are as follows:
Grand sachem, W. R. Thompson, Coalgate, Okla.; great senior sashemore, William J. Hyde, Sapulpa, Okla.; great prophet, Dr. M. Humblee, Poteau, Okla.; great chief of records, W. R. Hodgkins, Poteau, Okla.; great keeper of wampum, James McCann, Coalgate, Okla.; great sashem, Thomas J. McClure, Gowen, Okla.; great guard of wigwam, John Scott, Okmulgee; great guard of forest, William Ansby, McAlester.

School Primaries to Be Held Today

(Continued from Page One.)

Weich, John Gregory and C. M. Pritchard. For number four there are also three candidates and one of them is a woman, Mrs. Wealthy Wilson. She is the first woman to run for an office in Tulsa. Opposing her are T. J. Hartman and N. W. Mayginnis.
Vote For Three
Each voter will vote for three candidates; one for each place. The two high candidates in each instance will be the nominees and a total of three directors will be elected out of this list at the general school election on May 16.
Therefore three candidates will be dropped after the primary today.
Women who are registered can participate in the primary. The registration books will be open from May 1 to 10, and all women who register during that period will be entitled to participate in the general election on May 16.
The school primaries and election are non-partisan and there will be no party designations on the ballots today.
The primary will be held under the direction of the county election board.

Canine Carrier Dies, Companion Now Comfortless

FAITHFUL PAIR CARRIED MAIL THREE TIMES A DAY FOR SIX YEARS WITHOUT COMPENSATION, BUT NOW PEOPLE OF HAMILTON WILL HAVE TO DEPEND ON HUMAN BEINGS.

Special to The World.
SAPULPA, Okla., April 17.—For six years the mail has been carried from the postoffice at Hamilton, a small settlement north of Sapulpa, to the railway station and vice versa, three times each day no matter what the weather was. The residents of Hamilton never had cause to complain of the service and the government never paid a cent for it.
Two sheepdogs did the work.
But now one of the dogs has gone back to the dust from whence he came and his "pal," refusing to leave the little mound in the rear of Sam Carter's property, the mail will likely be late.
The residents of Hamilton from this day forward will have to allow for human fallibility, while they kick their heels against cracker boxes in the postoffice or pitch horseshoes outside in the dusty road. And the government will have to send a monthly voucher to the man who gets the job which the dogs filled out of sheer patriotism.
It is Collie who is dead. He just naturally passed away. Colonel, surviving member of the team, broke the news with his mournful howling. He refused to be comforted and can hardly be coaxed away from the grave of his "pal."
Six years ago, Collie and Colonel started as real patriots to carry the mail. Three times each day they left the postoffice with the sack firmly between their teeth and carried it to the depot. After the train came in, back they went to the office with the incoming mail.
No one ever told them it was time to start.
When the clock said ten minutes to train time they were off. Postmasters have come and gone in those six years. Tariffs have been tinkered with and the war has kept other handsomely compensated patriots from devoting their whole time to work since then. But while others got days off, Collie and Colonel kept on working without pay.
Some one once proposed that the postoffice department be appealed to, to buy these loyal servants of Hamilton's common good a pair of pretty dog collars but they did not get so much as a dog biscuit.
It is said that Colonel cannot live. He must die of a broken heart, or if not, then of starvation. For he won't eat; all he does is stand by the grave of Collie and whine with his head hung low.

Valley road, over which line they will visit Pawhuska and all points between that city and Tulsa.
Elaborate preparations have been made in all the cities for the entertainment of the Tulsa delegation.
"Get Together"
Aside from the benefits to be derived from the trip as a means of securing a closer relation between the merchants and consumers of these cities and the local business men, a great result is foreseen in bringing into more friendly relations the business men of this city who contemplate making the trip.
It will afford them an opportunity to meet each other and the time spent on the excursion and in boosting Tulsa to the "other fellow" will prove as much of a benefit to the members of the expedition as it will to the merchant and consumer in the cities visited.
The special train, which will be used by the Chamber of Commerce, will be decorated for the occasion with large streamers and banners, bearing the slogan of the club.
Each booster will be provided with a large badge on which will appear his name, his line of business and the words: "Tulsa Boost Business Builders." The Tulsa Booster band has been secured for the occasion and will entertain at each city visited.

"MAY I USE YOUR PHONE" IS HEARD
Sapulpa Grows So Fast That 'Phone Facilities Are Inadequate
Special to The World.
SAPULPA, Okla., April 17.—With a switchboard too small for Sapulpa's rapidly increasing population and every number taken, this city is faced with a funny, but nevertheless serious proposition.
It's impossible to have a telephone installed here. Every number on the switchboard is taken and until a larger board is installed the present situation bids fair to continue. Operators at the office of the local telephone company are working to their limit.
It is rumored that the company is soon to build a large structure here as its new home. Sapulpaans are hoping that the rumor will prove a true one.

ANTI-HORSE THIEVES MEET.

Gather in Annual Conference at Miami May 2.
Special to The World.
MIAMI, Okla., April 17.—The general conference of the Anti-Horse Thief association will convene at Miami, Tuesday, May 2. Officers and members of lodges in the four states, composed of Oklahoma, Arkansas, Missouri and Kansas, will be in attendance on that day. Prominent speakers will be on hand at that time and Miami is arranging for the entertainment of a large crowd of prominent people. R. T. Grooms of Miami is vice-president of the association.

Investment heating!

"Well bought is half sold" runs the old maxim. Of course every man buys with uppermost thought of a permanent home, but the prudent man buys his home also with an eye to its being a "good investment, if he or his heirs should want to sell." The lot is bought and the house built in the belief that the property will increase in value. Why therefore should anyone nowadays discount or depreciate his property by failing to modernize it at once with a permanent, comfort-producing outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

In mild weather or in the midst of the most severe winter AMERICAN-IDEAL heating is steadily on the job, without the constant physical strain of lugging coal, poking and coaxing the fire, fixing dampers and grates, or dumping ashes.

No rusting, no repairs, no blackening, no annual storage! The consumption of fuel is automatically regulated—the rooms are kept at just the degree wanted—so no coal is wasted. All local fuels may be used including the cheapest screenings, pea coal, lignite, wood and all grades of soft and hard coal. Of all the features of your home, you will say that this is the most important and best paying investment.

A No. 4121 IDEAL Boiler and 420 sq. ft. of 38-in. AMERICAN Radiators, costing the owner \$190 were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include costs of labor, pipe, valves, freight, etc., which vary according to climatic and other conditions.

A lifetime of lowest heating cost!

Don't skimp on the heating; get IDEAL—the best there is—costs no more than inferior makes, due to our enormous annual output. Buildings thus equipped sell quicker, or bring 10% to 15% higher rental; or command a larger loan.
Why not decide at once to get this permanent investment heating? Thousands of old buildings of all classes are equipped annually. Present attractive price will surprise you! Ask for "Ideal Heating" catalog (free)—full of big heating facts any owner or tenant should know. Write today. No urging to purchase.

IDEAL Boilers have large fuel pots in which the air and coal gases thoroughly mix as in a modern gas or oil mantle or burner, thus extracting every bit of the heat from the fuel. Easier to run than a stove.

Another great labor saver—stationary Vacuum Cleaner, at \$150
You can wonderfully reduce house-labor and highly increase home health and cleanliness by use of ARCO WAND Vacuum Cleaner—sits in basement or side room; works through an iron pipe running to all floors; carries all dirt, dust, insects, and their eggs, etc., to sealed bucket in machine; cleans carpets, furnishings, walls, ceilings, clothing. Ask also for catalog (free). Inquiry puts you under no obligation to buy.

Various Forms Of Headache

"It is necessary in order to treat headache properly to understand the causes which produce the affection," says Dr. J. W. Ray, of Blockton, Ala. Continuing he says, "Physicians cannot even begin the treatment of a disease without knowing what causes give rise to it, and we must remember that headache is to be treated according to the same rule. We must not only particular to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose, antikanina tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, neuralgia and particularly the headaches of women."
When we have a patient subject to regular attacks of sick headache, we should caution him to keep his bowels regular, for which nothing is better than "Actoids," and when he feels the least sign of an oncoming attack, he should take two A-K Tablets. Such patients should always be instructed to carry a few antikanina tablets, so as to have them ready for instant use. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Antikanina tablets at all druggists.
